Computer Science Student

PROFILE

Computer Science student at UPC-FIB, specializing in Computing. Interested in software engineering, artificial intelligence, algorithms and game development. Academic experience in computer vision, reinforcement learning, computer graphics and structured software design.

EDUCATION

BSc in Computer Science — Universitat Politècnica de Catalunya - FIB

Specialization: Computing

Relevant coursework: Algorithms, Data Structures, AI, Machine Learning, Computer Vision, Logic, Software Engineering, Computer Graphics

TECHNICAL SKILLS

Programming: Python, C++, Java, C, MATLAB, SQL, C#

Tools: Git, GitHub, Linux, VS Code, LaTeX, Unity

Areas: Algorithms, AI, Computer Vision, Machine Learning, Reinforcement Learning, Software Design

SELECTED PROJECTS

License Plate Detection System — *Computer Vision*

- Built a detection pipeline using preprocessing, morphology and region proposals.
- Extracted HOG/SIFT features and evaluated SVM/KNN classifiers.
- Analyzed false positives, false negatives and detection quality.
- Tech: MATLAB, HOG, SIFT, SVM, KNN

Reinforcement Learning on FrozenLake — *AI*

- Implemented and compared Value Iteration, Direct Estimation and Q-Learning.
- Studied the impact of stochasticity, learning rate, discount factor and exploration.
- Compared training and evaluation metrics across configurations.
- Tech: Python, Reinforcement Learning, Q-Learning, Value Iteration

3D Game — *Unity*

- Organized scenes such as Main Menu, levels, HUD and pause menu.
- Designed reusable prefabs for player, UI and game manager components.
- Worked on menu navigation and basic gameplay structure.
- Tech: Unity, C#

EXPERIENCE

Volleyball Coach — *Club Voleibol Mataró – 2021-2026*

- Coached various teams of different age brackets.
- Developed communication and leadership skills by working with children, adults and parents.

LANGUAGES & TARGET ROLES

Spanish: Native · Catalan: Native · English: C1 (Advanced) | Software Engineering Intern · AI/ML Intern · Game Development Intern · Gameplay Programmer Intern
